What is the campaign period during which the savings codes are valid?

Savings codes are valid for memberships purchased between August 1 and December 31, 2026.

What if I forget to use my savings code?

If an eligible individual from a participating firm joins IIDA during the campaign period without using the savings code, a refund or retroactive discount cannot be applied.

Who is eligible to participate?

Any new or lapsed designer or employee of a participating firm may participate if they:

- Have never held an IIDA membership; or
- Have not held an IIDA membership for at least two years.

The following membership categories are eligible:

- Associate (Levels 1–6)
- Professional
- International Associate
- International Professional

- Educator Professional

Current IIDA members renewing an active membership are not eligible to participate.

Manufacturers, dealers, suppliers, and organizations or individuals eligible for a Corporate Industry membership are not eligible to participate.

How can my firm access the next level of savings?

Each participating firm is assigned a savings level based on the number of active IIDA members employed by the firm as of June 1, 2026.

A firm's savings level remains fixed throughout the campaign period, regardless of how many additional employees join IIDA between August 1 and December 31, 2026. Even if a firm reaches the next membership threshold during the campaign, the discount percentage will not increase until the following campaign year. Please refer to the "What Savings Levels Are Available?" section for qualifying thresholds.

I am an employee of a participating firm. How do I obtain the savings code?

Eligible employees can obtain their firm's savings code by contacting IIDA Member Services at memberservices@iida.org or 312-467-1950 for assistance.
